

# **UWA WeChat Survey**

## User Guide

# Launch from WeChat

Tap the button on the top right side, then choose scan.  
Scan the provided QR code to launch the UWA WeChat  
Survey Mini Program.

If you've received an invitation message, just tap it to  
launch the Mini Program.

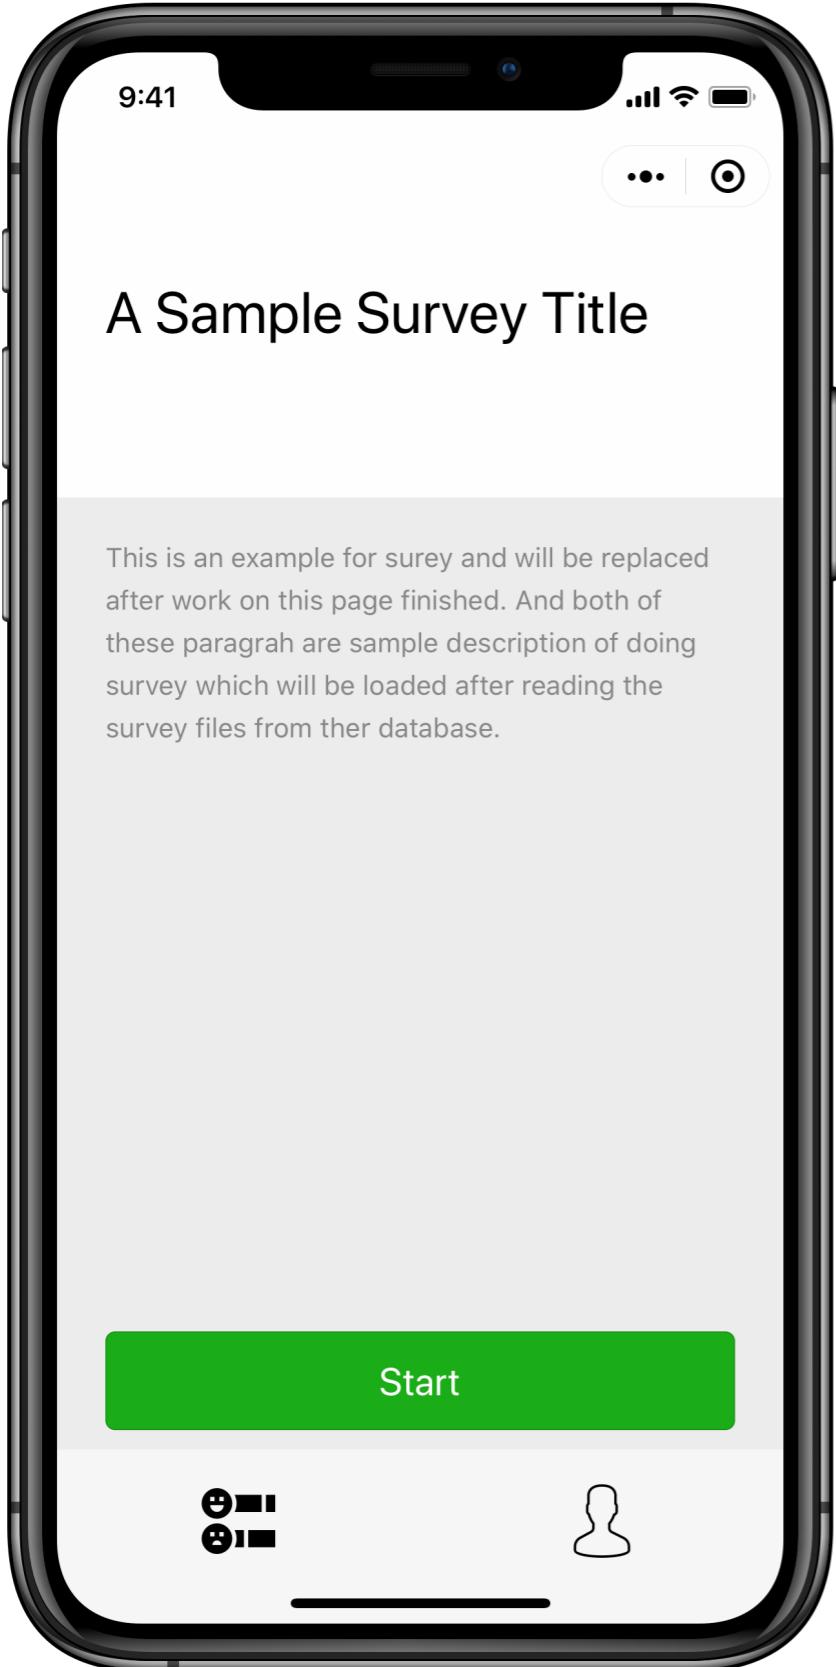

# Enter Survey ID

Tap the input bar to enter the 8 bit Survey ID, then you will be taken into the survey introduction.

You can also use the right bottom button to access your profile page to check your saved and completed survey.

[More details about your profile on Page 9](#)

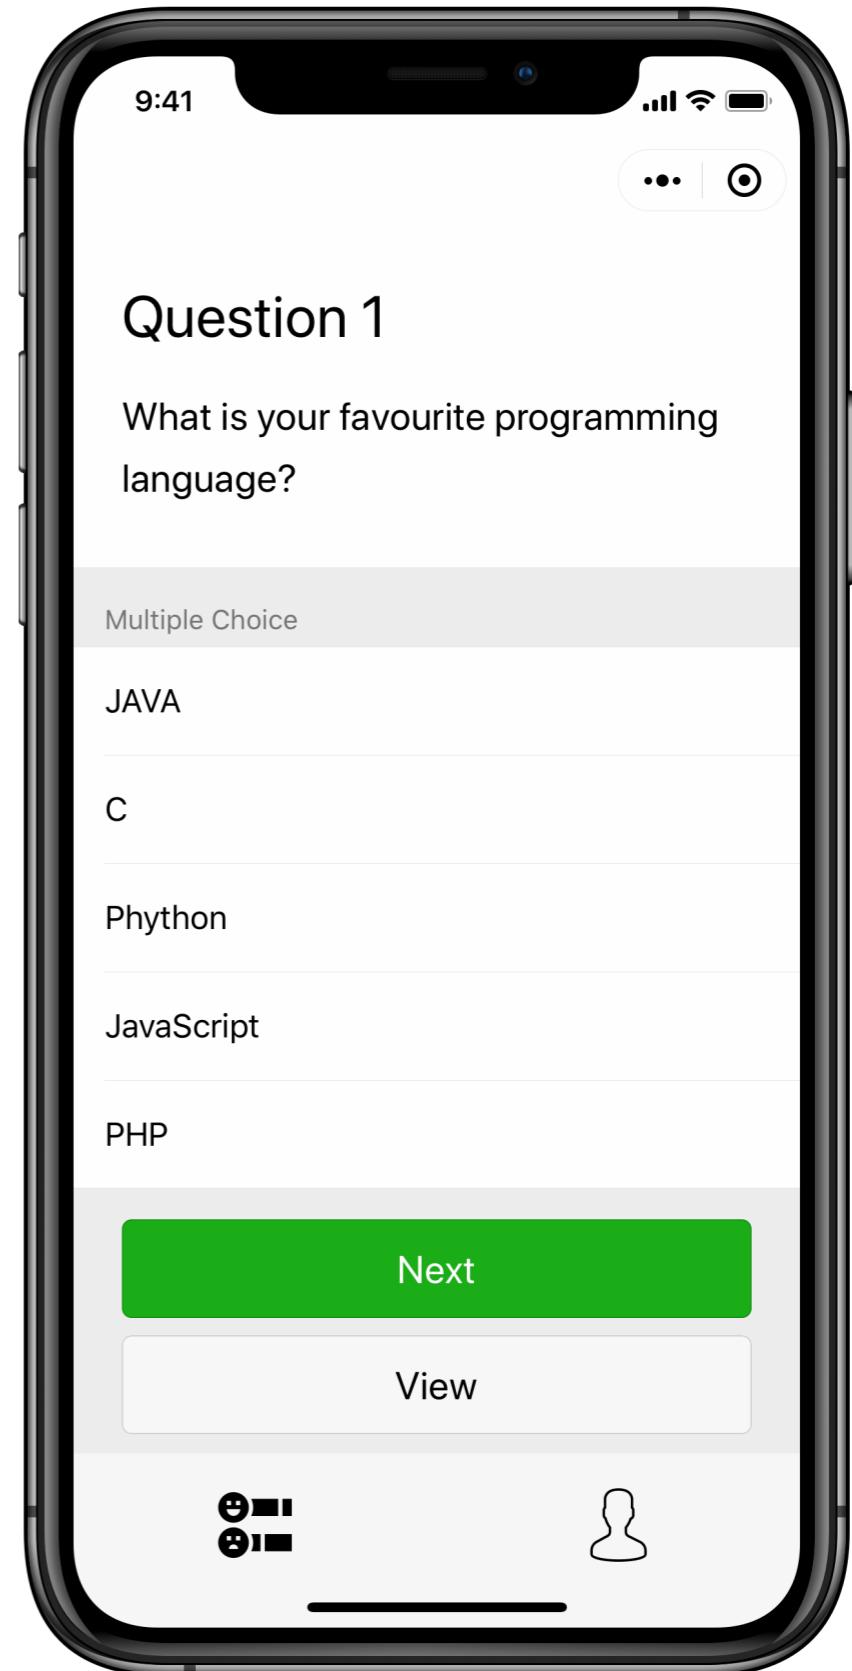

# Read the introduction

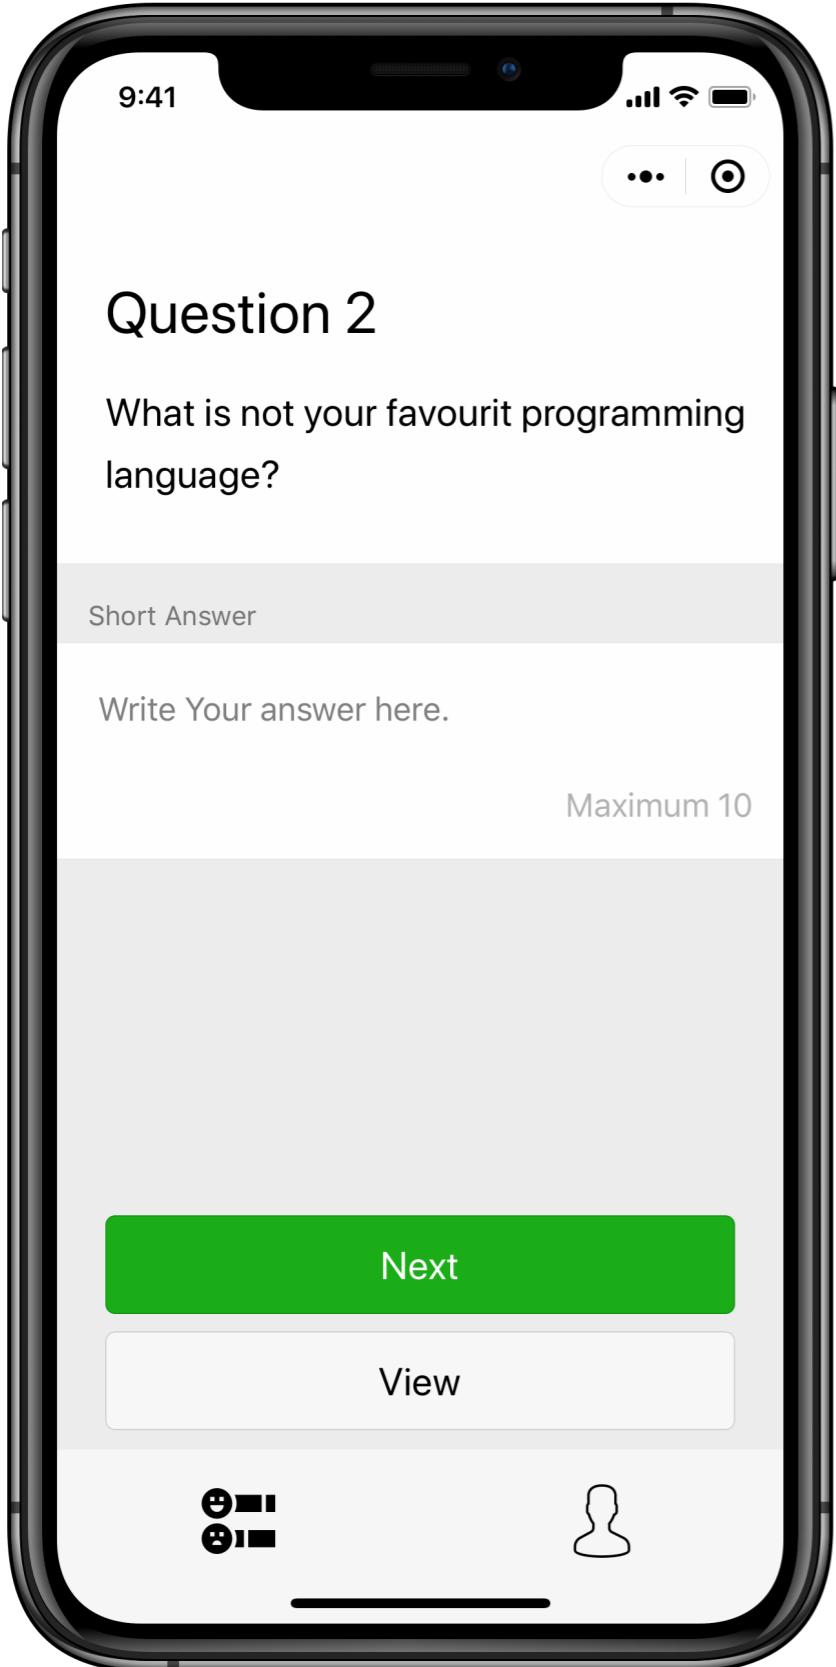

You can read the description of the survey, tap Start to answer this questionnaire. If this is not the survey you're looking for, simply swipe back to check the Survey ID.

# Answer the questions

There will be various kinds of questions including multiple choices, short answer and sorting question.

Just tap your choices or write down your answer, use Next button to the next question.

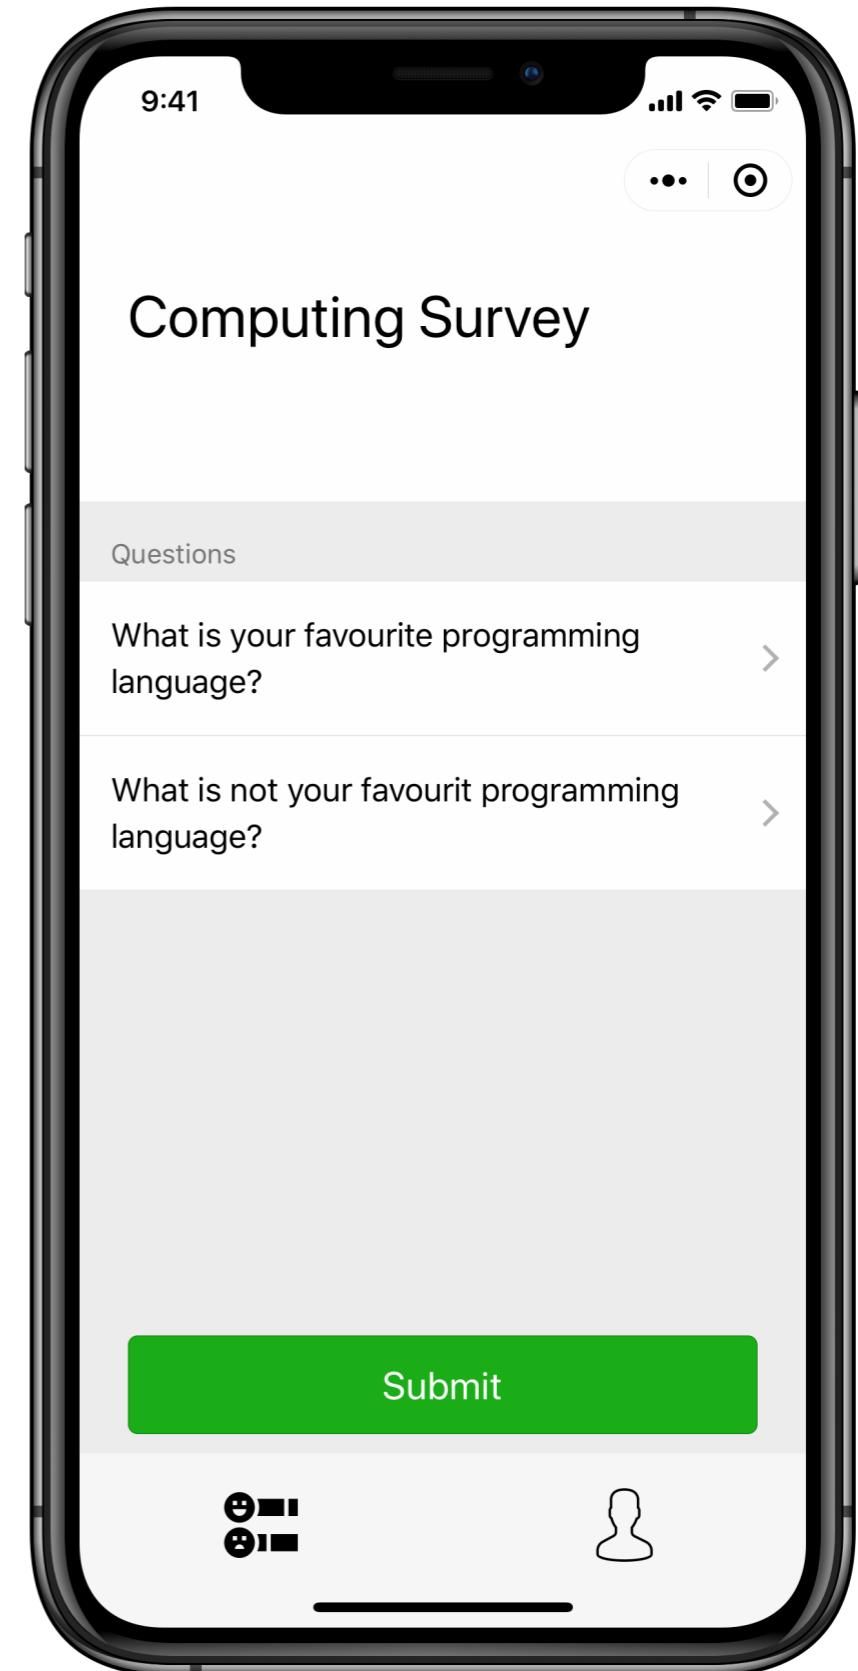

## To check the history

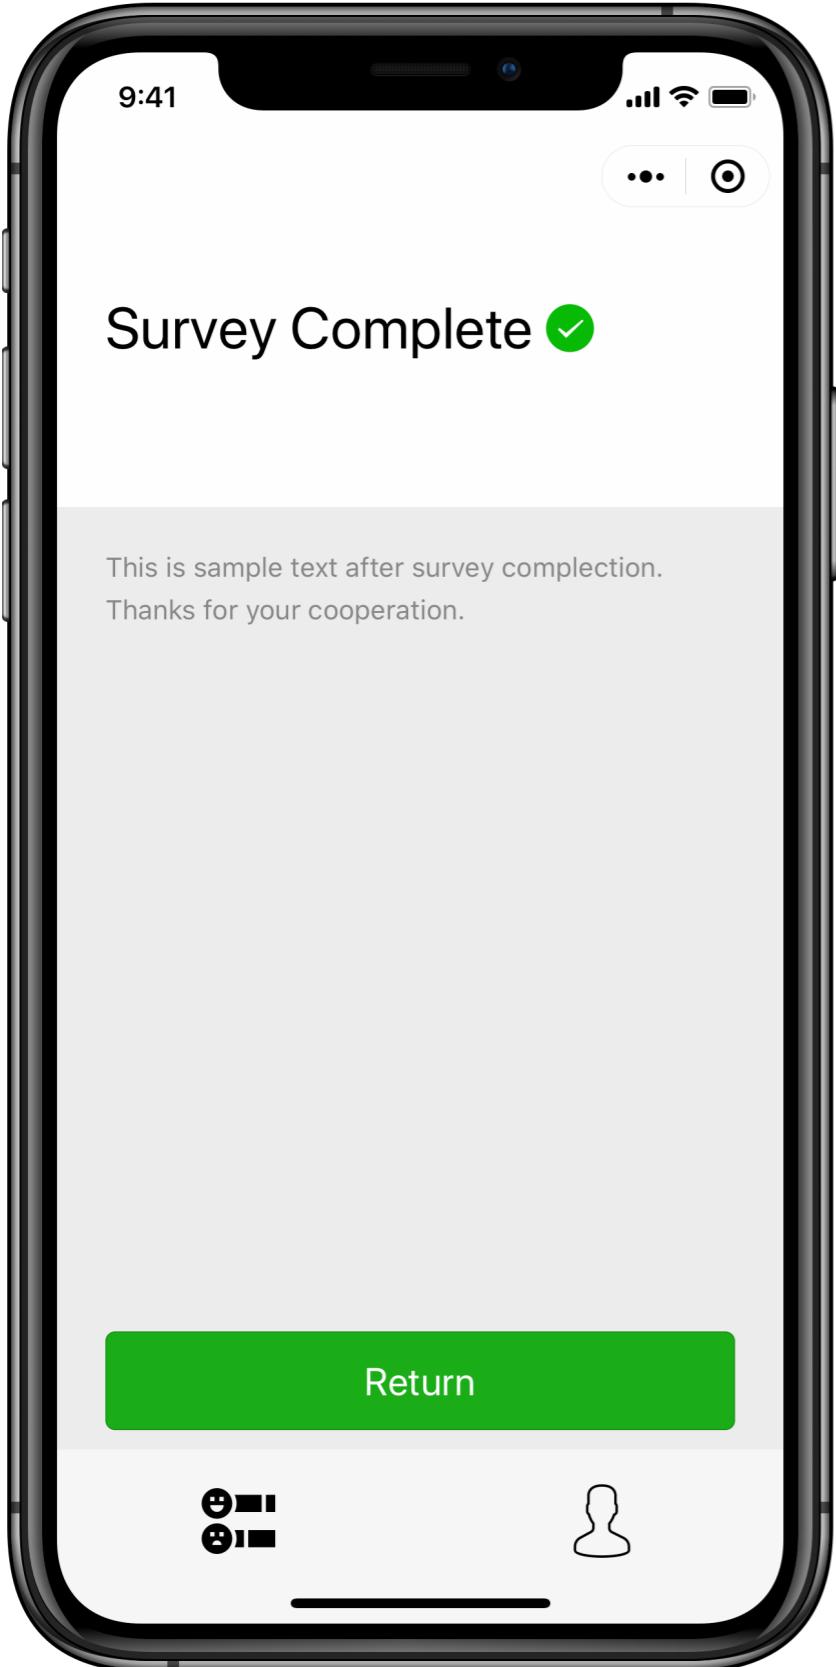

You could also check all the questions of the survey by clicking the View button under the Next.

# Before your finish

Once you answered all the questions, you will see the questions you answered, and you can click to submit.

If you want to change your mind before submission, simply click the question to answer it again.

# After Complete

After submit your answers, click Return to get back to the homepage, or you can share this survey to your friends by using the right top menu button.

Tap the circle button on the right top to return WeChat.

# Check your page

Your profile photo and nickname will show on the top of this page.

If you want to check the previous completed survey or continue an unfinished survey, tap the navigator to get the list.

If you have some problem while using this Mini Program, feel free to tell us by the contact details in the Setting & About menu.
